RED CROSS BENEFIT WAS GREAT SUCCESS

LARGE ATTENDANCE ENJOYS EVENING OF MUSIC.

BY CLARA JANE CASTLETON

Artist Was Assisted By Mrs. Valentine Cunningham, Pianist, and Rev. Floyd W. Farley, Violinist; In Odd Fellows' Hall.

The Red Cross benefit entertainment given Monday evening in Odd Fellows' hall by Mrs. Clara Jane Castleton was a grand success and a rare musical treat for the large audience that attended. Mrs. Castleton was assisted by Mrs. Valentine Cunningham, pianist, of the Valentine Conservatory of Music and Arts, and Rev. Floyd W. Farley, violinist.

Mrs. Castleton has made several public appearances in Huntington Beach since her return from New York, and has never failed to enthrall her auditors with admiration, and Monday night may be said to be her most finished achievement in this city. She has a coloratura soprano voice of fine quality, and won encore after encore as she interpreted such composers as Puccini, Spencer, Massenet, Brewer, Offenbach, Foster, Germain, Braga and Princess Troubetzkoy. Taking into consideration both tone and vocal range, Mrs. Castleton's voice is pleasantly satisfying, and is praised by those who have been fortunate enough to have heard her during her vacation period here. Some of her trills on the upper register were exquisite, being flexible, precise and speedy. She was well supported by Mrs. Cunningham, her accompanist, whose delicate touch and splendid technique complemented to its full measure the sweetness of her voice. She sings with remarkable ease, and a strong reserve force is always in evidence. Her easy and unassuming stage attitude is an attractive feature about her work.

It is to be hoped that Mrs. Castleton will find it convenient to make Huntington Beach her home during her vacation periods, as her presence will be of much benefit, from a musical point of view, to the community.

She will leave next Tuesday for a tour of the northern section of California, in patriotic work. Mrs. Castleton's mother and sister reside here, being Mrs. Anna Wickham and Mrs. R. H. Chapin.

Monday evening was the first appearance of Rev. Farley as a violinist, and his interpretation of "Norma" by Beleni, and Beethoven Sonata in F-Opus 24 Allegro, were fully appreciated, the tones of his violin being clear and executed with ease. He was also accompanied by Mrs. Cunningham.

These artists are to be congratulated upon their patriotic endeavors, as is the Odd Fellows' lodge for the donation of the use of the hall.

TROUT 25 INCHES IN LENGTH CAUGHT SUNDAY.

CONSTABLE GALE BERGEY IS SOME FISHERMAN.

Constable G. S. Bergey, besides being a capable officer and good automobile salesman, is rapidly negotiating a reputation as a sportsman. Sunday he and Mrs. Bergey, Mr. and Mrs. Will Bushard and Gordon Talbert looked for recreation over in Trabuca canyon. While out scouting for food they spied one of the largest trout ever seen in the waters of that seclusive creek, among some logs, and after about two hours' work, landed the fish with their hands. The catch was on exhibition at Franklin & Brown's barber shop, Monday, so there is no room for argument as to the truth of the story. The trout was 25 inches long and weighed 3 3/4 pounds.

PACIFIC ELECTRIC RAILWAY COMPANY MAKES STATEMENT TO PATRONS OF LINES.

Los Angeles, Cal., June 11, 1918. To Our Patrons:

In connection with our application for an increase in passenger fares, your attention is respectfully directed to the following:

Effective June 1st, 1918, the wages of all employees of this Company are being increased following the schedule of increases adopted by the United States Railroad Administration for employees of railroads under Government control, increases being based on rates of pay in effect December, 1915.

These schedules of wage increases are the result of recommendations of the Railroad Wage Commission after a very thorough investigation of costs of living, wages and hours of service throughout all sections of the United States.

The Pacific Electric Railway is not under Government control, but the schedules of increases in wages adopted by the Railroad Administration as applied to our 1915 scales here are considered just and reasonable and were adopted by us for that reason.

This increase in wages, compared with December, 1915, means an increase in the payroll of this Company of approximately one and one-half million dollars (\$1,500,000) per year. This means an increase in our payroll since December, 1915, of over one hundred thousand dollars (\$100,000) per month.

Cost of materials, as well as nearly all other operating costs, have increased even more since 1915 than the payroll. Our dollar of revenue has greatly depreciated in purchasing value.

Railroad ties have increased 100%; rails, 60%; trolley wire, 40%; iron and steel, 100%; motor and airbrake parts, 75%; lumber, 110%; car wheels, 70%; car axles, 150%; since 1915.

Our stockholders have never received a dividend and our revenues last year were more than \$800,000 short of the amount necessary to pay the expense of operation, taxes and interest on indebtedness.

The money to meet these increased expenses can come only from you and in payment for transportation.

We have put off as long as possible this application for an increase in our fares, but the time has now arrived when it is absolutely necessary to have such increase if we are to continue operations without great impairment to the service. Seventy-three per cent of our revenues last year was derived from interurban, suburban and street cars transportation.

The hearing of our application before the Railroad Commission of the State of California has been set for Thursday, June 20th, in the Union League Building, Second and Hill Streets, Los Angeles.

These facts are given that you may fully understand this situation—and realize the pressing necessity for such increase to the Company, its employees and the service to the community.

PAUL SHOUP,
President.

CONSIDERABLE ACTIVITY IN LODGE CIRCLES.

FIVE CANDIDATES IN ON THE TRAIL.

There is considerable activity in Odd Fellowship circles, and five candidates have been seen on the trail this week in the vicinity of Orange and Long Beach. Saturday night of last week about fifteen members accompanied Fred Parker of Huntington Beach, L. G. Bland and T. G. Donaldson of Talbert to Orange for the first degree, and Thursday night the trio, with H. H. Ferris and C. W. Winston, were given the second at Long Beach.

FISHING CONTINUES VERY SATISFACTORY.

SEVERAL VARIETIES ARE BEING HOOKED.

The fishing from the pier continues to be very satisfactory. There was a big Sunday attendance of sportsmen on the pier, and about all of them were successful in landing a "mess" of large or small ones. There has been a big run of pompano.

Some fishermen are reported to have found that they could snag more of these little "flats" without bait than by taking the trouble and time to place bait on their hooks.

THE BACCALAUREATE SERMON GIVEN SUNDAY

DELIVERED BY REV. FLOYD W. FARLEY.

CLASS, TWENTY-TWO MEMBERS

In Methodist Church At Three O'clock Sunday; Fifteen Girls and Seven Boys Compose Class.

The baccalaureate sermon for the graduating class of the Huntington Beach Union High school was delivered by Rev. Floyd W. Farley, pastor of the Christian church, at 3 o'clock Sunday afternoon, in the Methodist church.

The services were opened by an organ prelude, "Pilgrims' Chorus," by Miss Hazelle Horn, and members of the class marched down the center aisles of the church, headed by Miss Bollon and Miss Engle.

The invocation was by Rev. R. I. McKee, pastor of the church, and Rev. C. Carey Willett, pastor of the Baptist church, read the 28th chapter of Job.

The Girls' Glee Club sang "The Lord Is My Shepherd," with Miss Bollon at the piano. Miss Maybelle Elford rendered a vocal solo, "Song of Confidence," accompanied by Miss Frances Douthitt. The benediction was given by Rev. J. Alvah Andrews, pastor of the church at Talbert.

Rev. Farley delivered a splendid sermon, being strictly religious from every viewpoint, being indicative of the fact that he is a young man of high moral character and of a deep sympathetic nature.

Rev. Farley opened his sermon by reading the 9th verse of the 16th chapter of I Corinthians, and 14th verse 3rd chapter of II Chronicles. There was never a time in the history of the world, he said, that so many Bibles were being used as at the present time, being about 28,000,000 annually, according to the last report. He asked if it was a coincidence that the four leading nations of the world were the ones making the most use of the Bible.

List of graduates follows: Sylvia Viola Ames, Elise R. Armitage, Gladys Lorraine Bollon, Fern M. Bradbury, Ina E. Clemens, Margaret M. Cole, Janie E. Decker, C. Irene Engle, Grace Lee Foley, Della B. Giesler, Lois Marie Frenger, Paul R. Frenger, Edith May Harris, Fern G. Irwin, Leo D. Lavering, Royal L. Lemon, Alvin C. McCoy, John A. Murdy, Harold R. Preston, Clyde M. Wardman, Emma W. GROWS FINE POTATOES WITHOUT IRRIGATION.

PETER AUSING KNOWS HOW TO CONSERVE MOISTURE.

Those who do not think fine potatoes can be grown without water should take a look at the ones in one of the show windows at the News office, grown by Mr. and Mrs. Peter Ausing at Delaware and Utica.

There are six of these potatoes. The largest one measures 13 1/2 x 10 1/2 and the smallest 10 1/2 x 8 1/2 inches, and they are all good specimens of tubers, and, Mr. Ausing states, were grown in one hill. The stock is of the White Rose variety and the seed planted March 10, maturing in about 90 days.

Of course the feature about these potatoes is that they were grown on mesa land without irrigation, showing that Mr. Ausing thoroughly understands the art of conserving the moisture that falls from the clouds.

Mr. and Mrs. Ausing purchased a 2 1/2-acre tract here five years ago, and grow potatoes, melons and berries.

SUNDAY MERCHANTS DID BIG BUSINESS.

ICE CREAM AND SODA IN GREAT DEMAND.

There were, perhaps, more people on the beach Sunday than any other day this season.

D. W. Huston, of the pavilion bowling alleys and fishing tackle, was one of the busy merchants of the south coast, and all of the restaurants were busy. There was a big volume of business at Obarr's Drug Store and at Rigdon's Pharmacy, the demand for ice cream and soda being much greater than any other day of the season to date.

MRS. DECKER DEFENDS DR. S. G. HUFF.

SAYS PARENTS ONES WHO SHOULD BE CONSULTED.

Since reading the article, "Action of High School Board Criticized," in last week's issue of the News, we are greatly puzzled to understand what really is at the bottom of the trouble; and feel indignant and ashamed that such unkind and untrue things should be said of a man who, as we all know, has given so many years of faithful and unselfish service to our High school. Not only has Dr. Huff performed faithfully and well all the official duties of his office, but he has, more than any member of the board, kept in close touch with every part of the school life, being often and often at the school at other times as well as on special occasions, observing the work and seeking to gain a personal knowledge of the work and an acquaintance with each pupil individually. He is perhaps the senior member of the board in years, but in heart and in interest and sympathy with youth he is the junior member, and there are many who appreciate that quality more than we have an opportunity of expressing.

Why should all this criticism be spent on Dr. Huff when there are four other members of the board? And if they all had voted to retain Mr. Brown he surely would not have been dropped.

The committee originated by the Chamber of Commerce was not properly representative, as the three members have not had nor will have any pupils in High school, two others will have no one in the school next year or for some time to come, and one other member is the wife of a member of the board. This leaves but one member of the committee who has a pupil in school this year and who will also have one the coming year.

If the committee believes that from 75 to 90 per cent wish Mr. Brown to remain, why do they not go to the people sending children and secure that per cent of signers to a petition for his retention? That would be a fairer test.

Why were none of the people, now so deeply interested, awake to the "deplorable condition existing in the school" a little earlier, at the time of the school election in March, and put a man in the field who would better have represented the "sentiment of the people?"

DR. S. G. HUFF IS DEFENDED

Say Miss Wilson Does Not Want Principalship; News Asked To Apologize If Charges Found Untrue.

The following resolution has been given the News for publication, as having been written by a committee representing the Student Body of the High school:

"The following action has been taken by the Student Body in regards to the High school situation:

"The Student Body of the Huntington Beach High school does not believe that the trouble which has arisen in the High school warrants the statements in 'The News' of June 7th and 14th, accusing Dr. Huff unjustly and comparing him with the Kaiser, or of Miss Wilson expecting to succeed Mr. Brown as principal.

"The Student Body does not take any definite stand in the controversy, but they are desirous that the trouble be settled for the best interests of the school, and believe that a thorough investigation, only, can settle the question to the satisfaction of all.

"As a body, therefore, we would recommend that an investigation be conducted by a committee of the voters of this district and by the committee elected by the High school Student Body. If, after such investigation, the accusations in 'The News' are found unjust, we urge those responsible for the accusations to apologize, through 'The News,' to Dr. Huff and Miss Wilson."

Mr. Farmer and Rancher:

Implement Sheds—Implement Sheds

All over the country the farmers are taking to heart the advice of Secretary of Agriculture Houston to build sheds to protect their farm implements.

The marked advance in prices of all agricultural implements has at last proved to the farmer that to leave any machinery out in the weather is simply

throwing good money away.

We would be pleased to have you call and let us show you what we have to build this shed.

To Our Customers

As a war measure, and in line with suggestions of the National Council of Defense, we find that we must eliminate all unnecessary calls and deliveries.

The laundry confronts the problem of continued efficient service in the face of greatly increased costs of production in all departments. One of the main cost items is that of delivery, and when to this is added repeated calls by the driver for bundles not ready the first time, and to collect small amounts from customers who did not pay for their work when delivered, a hardship is placed upon the laundry as well as upon the driver, who must give the time for such extra calls.

In view of these facts we must earnestly request our customers to co-operate with us; TO HAVE THEIR BUNDLES READY UPON THE REGULAR PICK-UP DAY AND TO PAY CASH FOR ALL WORK UPON DELIVERY.

This request is in no way a reflection upon the integrity or the financial standing of any customer; it is issued solely as a stimulus to the efforts of a few who have been thoughtlessly negligent in preparing their bundles and making their payments.

Very truly yours,

The American Laundry

Letter From France.

The following letter was written by Lloyd O. Davis to his mother, Mrs. David Johnston of Whittier. Lloyd enlisted from Whittier, but was born at Wintersburg, and has a large number of friends in this vicinity. He is a nephew of Mrs. J. T. Stockton. A portion of the letter follows: "Dear Mother: Will drop you a few lines this p. m., as I was wondering how you were all getting along. The weather has been ideal here this spring. I am feeling fine, as usual. It was one year April 29th since I saw active service, and according to all indications I will get about three years more of it. Well, I should worry, as I have plenty to eat and a place to sleep. I certainly do like this life, and I am afraid I am doomed to be a roamer. I have not heard from you in a long time. Have you received any mail from me?"

Fishing Party.

Mr. and Mrs. Will Bushard, Mr. and Mrs. G. S. Bergey and Gordon Talbert of Huntington Beach composed a fishing party that spent Sunday in Trabuca canyon. They broke the season's record for trout in this popular stream, as they bagged one 25 inches in length, weighing 3 3/4 pounds. Some trout. Some anglers. The interesting part of the catch was that it was made with their hands, after they had spotted the big fellow among some logs in the water, the chase lasting about two hours. This is not a fish story, as the trout was on exhibition in the window of Franklin & Brown's barber shop at Huntington Beach, Monday, and attracted much attention.

WEEKLY GREETING.

But why should you keep your head over your shoulder? . . . Suppose you should contradict yourself? . . . There will be an agreement in whatever variety of actions, so they be each honest and natural in their hour. For if one will, the actions will be harmonious, however unlike they seem. These varieties are lost sight at a little distance, at a little height of thought. One tendency unites them all. The voyage of the best ship is a zigzag line of a hundred tacks. See the line from a sufficient distance, and it straightens itself to the average tendency. Your genuine action will explain itself and will explain your other genuine actions. Your conformity explains nothing. Act singly, and what you have already done singly will justify you now. Greatness appeals to the future. If I can be firm enough today to do right, and scorn eyes, I must have done so much right before as to defend me now.—Emerson.

EVER THINK OF THIS?

[Hollywood Citizen]: Professor W. I. Thomas of the University of Chicago says that the yellow journal is a positive agent for vice and crime. "A people," he says, "is profoundly influenced by whatever is persistently brought to its attention. A good illustration of this is the fact that an article of commerce—a food, a luxury, a medicine, or a stimulant—can always be sold in immense quantities if it be persistently and largely advertised. In the same way, advertising crime, vice and vulgarity on a scale unheard of before in the annals of history, has the same effect—it increases crime, vice and vulgarity enormously."

Did you ever think of this as you called for a certain newspaper because you knew it had the most of vice, crime, vulgarity and suggestion in it?

Did you ever think of this when you were deciding upon what paper you desired to bring into your home for the education of your children?

DISTILLERS IN CLOVER.

Although the distilleries of the United States have been closed for the period of the war, the stockholders have made more money since that time than in any other period of their existence.

This is a paradoxical situation, to say the least, as the liquor men bewailed their fate and said they would be thrown into bankruptcy when the government proposal to close the distilleries was under discussion. It was pointed out that their business would not only be ruined but their property would have to be sold for junk.

The price of whiskey September 1, 1917, was 50 cents per gallon, and since that time it has passed the \$3 mark. It has been estimated that the distillers of Kentucky had on hand 300,000 barrels of whiskey when the order to close was issued, and most of this stock has been sold at prices ranging between \$2.50 and \$3, which is said to have netted the owners about \$35,000,000. So much profit has been made that plants are being sold with little regard of original cost.

The distillery of W. A. Gaines & Co., manufacturers of Old Crow whiskey, one of the best known brands on the market, was recently sold for \$60,000, and is said to have cost approximately \$1,000,000. The J. B. Wathen Distilling Co. is constructing a flour mill at a cost of \$250,000, near its plant, which will be used for warehouse purposes when the new mill is completed. Another plant has been changed into an ice cream factory. Therefore, strange as it may appear, the distillers have actually made money by being put out of business.

LEGAL CITIZENS ONLY.

The Department of Justice has found that there are some persons of German birth who have been legal citizens of the United States for many years, but have never been loyal to the interests of the country that has sheltered them, and in many instances allowed them to accumulate large fortunes. This is an amazing situation; but is, after all, not much more than could be expected as the intrigue of German kultur is better understood.

A recent example is Frederick W. Wursterbarth, who has been deprived of his citizenship, which is said to be the second instance in the history of the country, the first one having occurred many years ago. This man had been a legal citizen of the country for 35 years, and was at one time postmaster of Lakeview, Passaic county, N. J. Such men appear to overlook the fact that citizenship involves a moral obligation, and without which they have no

HAMMERSTEIN HAILS
MARY GARDEN ON SCREEN.

The long standing friendship between Oscar Hammerstein, the man who gave so much to musical New York in the days of his Manhattan Opera House, and his greatest star, Mary Garden, brought a message of welcome and encouragement to the diva on her first day in the Goldwyn Studios in Fort Lee, N. J.

On the letter head of the famous little office on West 42nd Street, Oscar Hammerstein wrote:

My dear Miss Garden:

Here is to your first appearance in the new and glorious world of the screen.

"When you sang 'Thais' first it was a tumult and a joyous scream,

Your 'Thais' on the screen will be memorial—an everlasting dream."

Both will never be forgotten.

Your old director and admiring comrade,

OSCAR HAMMERSTEIN. By a curious coincidence, noted with pleasure by both Miss Garden and Mr. Hammerstein, it was in "Thais" that the singer made her first American appearance and the famous story by Anatole France likewise serves for her debut on the screen. It will be seen at the Princess theatre next Thursday night.

Miss Garden appeared in "Thais" under the joint direction of Hugo Ballin, the artist, who has given his entire attention to picture work since the founding of the Goldwyn Picture Corporation, and Frank Crane, the well-known moving picture director. In Miss Garden's supporting cast are Hamilton Revelle, Crauford Kent, Charles Trowbridge and Lionel Adams.

CLASS EXERCISES WEDNESDAY EVENING

LARGE NUMBER WERE IN
ATTENDANCE.

SOME GOOD TALENT SHOWN

Audience Entertained For Two
and One-Half Hours With
Songs, Music and Vaude-
ville Acts; Some Nice
Stage Scenery.

The Class Night exercises in the High school auditorium, Wednesday evening, were well attended and enjoyed. Some of the stage scenery was attractive and necessitated considerable work on the part of those having charge of the affair.

There was one very noticeable feature about the entertainment, and that was that the characters given on the program were all girls.

The first number was a vocal trio, "Baby's Prayer By Twilight," Miss Marie Frenger, Miss Gladys Bollon and Miss Irene Engle, and their efforts were appreciated—so much so that it was necessary to answer two encores.

The playlet, "The Kleptomaniac," with Miss Bollon, Miss Fern Bradbury, Miss Frenger, Miss Engle, Miss Fern Irwin, Miss Glenna Wright, and Miss Elise Armitage interpreting the various roles, occasioned much amusement, and the young women all acted in an interesting manner.

A piano solo by Miss Sylvia Ames and a reading by Miss Grace Foley were appreciated.

Miss Foley then announced that by great efforts the management had secured Galla-Curci, and she would be accompanied by none other than the great Paderewski. When the curtain raised Miss Frenger and Miss Bollon marched on the stage, Miss Bollon being dressed to represent the famous pianist, who each performed in grand opera style.

Miss Bollon and Miss Armitage appeared, being costumed as ballet dancers, whom Miss Foley announced as the Dolly Sisters, doing creditable work.

The Denishawn dancers, trained by Miss Ruth St. Dennis, was also heralded, and proved to be Miss Engle, Miss Ames, Miss Wright and Miss Ina Clemens.

The vaudeville stunts closed with the death scene from "Romeo and Juliet," with Miss Foley reading and Miss Engle in the leading role.

The exercises closed with the class singing "The Star Spangled Banner."

MR. AND MRS. A. E. PAINE TO MANAGE CAFETERIA.

SEASON WILL OPEN FRIDAY OF
NEXT WEEK.

Mr. and Mrs. Arthur E. Paine of Corona were in Huntington Beach, Thursday, and made final arrangements for managing the cafeteria at "Arbamar" this season, or, as Mr. Paine stated, Mrs. Paine would be the manager and he would be the assistant. Mr. and Mrs. Paine resided here for six years prior to moving to Corona last year, and Mr. Paine was principal of the High school.

MASS MEETING HELD THURSDAY EVENING.

COMMITTEE TO INVESTIGATE
SCHOOL SITUATION.

There was a mass meeting in the Grammar school auditorium Monday evening, for the purpose of appointing a committee to investigate the situation in High school administration, and those who attended to witness any fireworks were dismally disappointed, as the meeting was about as harmonious as one could desire.

The meeting was called to order by Cecil McCoy, who asked for nominations for chairman, and there were two nominations. E. E. French, president of the board of trustees, was elected.

There were remarks made by about 20 persons, but the sentiment of the meeting was best expressed by C. A. Johnson, general manager of the Holy Sugar Corp., when he stated that the first question was to determine whether the meeting was a representative body of the school district. He was sure that the matter could be disposed of satisfactorily without any ill-feeling. If a committee was appointed it should be the object to let the chips fall where they will and not where some one wanted them to fall.

After being in session about an hour and a half the following committee was appointed: C. A. Johnson, Judge C. W. Warner, H. L. Heffner and City Attorney Alex. P. Nelson of Huntington Beach; J. A. Armitage of Sunset Beach; E. R. Bradbury and W. T. Vandruuff of Wintersburg; Chas. F. Ward of Talbert and W. Dean Johnston of Westminster. Mr. Johnson and Judge Warner each declined the chairmanship, and Mr. Nelson was selected for the place. It was the desire of the meeting that the committee meet with the board today (Friday).

Owing to the fact that the meeting was held so close to the time for going to press, the account of the meeting is limited, otherwise at least two columns should have been reported.

Mrs. Geo. Franklin stated she had been asked to read a statement from Dr. Huff, denouncing the Huntington Beach News, and she hoped it would be taken in the spirit in which it was given. A representative of the News stated that so far as he was concerned it was taken in the spirit in which it was given, and every word of it would be published if presented at the office.

A test vote, in which 50 votes were cast, the supporters of Principal V. B. Brown won by 41 to 9.

PUBLIC WEDDING FOR NEXT WEDNESDAY NIGHT.

MISS MELL CRILEY WILL BE THE
BRIDE.

Those that have not had an invitation to a wedding for many years, and have been thinking that they might never have another opportunity, can congratulate themselves, as there will be a matrimonial event next Wednesday evening at 9 o'clock, in the Christian church, and everybody in the community that may have any desire to again hear the bride and groom answer "I will" or "I do" are cordially invited.

The ceremony will be performed by Rev. Floyd W. Farley, pastor of the church, and the interested parties are Miss Parmelia W. Criley and Claude S. Scott of Huntington Beach. Miss Criley has resided here for the past 11 years and is well and favorably known, being known among her friends as Miss "Mell." Mr. Scott came to Huntington Beach from Center, Colo., and he and Miss Criley have conducted the restaurant in the pavilion for the past year, and their commercial relations have convinced them that they should be matrimonial partners.

TWO CANDIDATES WERE HERE THURSDAY.

J. M. BACKS AND E. W. BOYNTON
THE MEN.

There were two candidates in Huntington Beach, Thursday, being J. M. Backs, candidate for county clerk, and E. W. Boynton, one of the trio of candidates for sheriff.

Mr. Backs was here on official business, that of posting election notices. He has been chief deputy for six years and is generally conceded to be an efficient and obliging official, and at this time there appears to be little doubt about his election.

Mr. Boynton was over inspecting the political fences in this section of the South Coast, and making the acquaintance of some of the voters.

FROM BLYTHE.

Mrs. J. Riley Graham and Mrs. M. B. Hartzell of Blythe motored to Huntington Beach, arriving Saturday of last week. Mrs. Graham will spend the summer with her parents, Judge and Mrs. W. D. Seely. The trip across the desert was made by the two ladies alone.

RED CROSS

The Red Cross branch feels deeply indebted to Mrs. Clara Jane Castleton, Mrs. Valentine Cunningham and Rev. Farley, who assisted her, in the splendid benefit given Monday evening in Odd Fellows' hall; and also to the Odd Fellows' lodge for the donation of the hall. The net receipts will probably be close to \$60.

The Eastern Star will give a dance and card party in Odd Fellows' hall next Wednesday evening for the benefit of the Red Cross fund.

TRUSTEES' MEETING MONDAY EVENING.

GARBAGE CONTRACT AWARDED
TO JOE WASHBURN.

There was an adjourned meeting of the city trustees Monday night, when bids were opened for collecting garbage, and the contract was awarded to Joe Washburn for two years at \$45 per month. Mr. Washburn was the only bidder.

City Attorney Nelson was instructed to draw an ordinance repealing all licenses, except on junk dealers, pool rooms, places of amusement, itinerate merchants and auction sales, etc.

LIBERTY BOY WRITES LETTER FROM FRANCE.

GRANDSON OF MRS. M. B. PARKS
OF THIS CITY.

The following letter was received by Mr. and Mrs. A. B. Williams from their son Leo, who is now in France. Leo is the only grandson of Mrs. M. B. Parks of Huntington Beach. The letter follows:

"Somewhere in France."
April 22, 1918.

Dear Folks:

Yesterday I received the first word I have received from home, written Mar. 24, and you can never realize how glad I was to get it. It was the most welcome bit of news I have received in my life. I am still continuing in the best of health and hope you are all in good health. I should have written yesterday, but we were given outside liberty from noon until night and it as such a privilege I didn't want to miss it. I will write regularly once a week and oftener if possible, but I will have to ask you to keep my friends posted, as our correspondence must be limited, and, outside of you folks, I can only write an occasional letter.

Today has been a wonderful day, the sun has been shining bright just like Oregon spring. All last week was quite cold and Saturday forenoon we had snow.

I may get letters forwarded from across (out by censor) but parcel post I'm afraid won't be. We here don't know as much about the war as you folks do. And say, it sure is yreat to be out and try to buy anything. Some fun. I can plainly see now why the Jew talks with his hands. I guess I'll be doing the same thing before I get back.

Our band has been very busy practicing each day. We are all new to each other and have not played any of the music together, so it is going to take some time of good honest work to get in shape. We have all our instruments and music with us now, and can get down to real business. I expect when I come home I will be a fairly good musician. I can see a great deal of improvement in my playing, which is encouraging.

We are encamped in a fine barracks and have things mighty nice now. The barracks are made of stone, with walls at least two feet through, four stories high and large enough to conveniently house our whole regiment.

You can well imagine how good it seems to us to get settled down for a while. The trip was surely a long one and very tiresome. Traveling by train to a camp, then hiking to some other camp, then taking a boat, and then more hikes, rest camps and trains surely keeps a fellow on the go and unsettled.

And eat! Well I should say. While enroute we had to carry our rations with us and of course it only consisted of such material as we could carry, such as canned goods and crackers, etc., and now that we can get some warm, cooked, fresh food it surely strikes the spot.

France is surely a pretty country. We travelled (censored) days through France and every strip of tillable land was under cultivation, and lots of it had crops on it. It was a welcome sight. You people in the U. S. can't realize what utility of land means until you have seen this country. Little garden spots all over in every yard and along the road sides. I hope we may profit by this experience and be less extravagant as a people. The buildings and aspect of everything is foreign to us at a glance. With little books we can carry on a fairly intelligible conversation with the people. It sure is interesting.

We had a fine—mighty fine—sermon this morning, and we all enjoyed it, and I feel sure that the majority of us felt its weight, too.

Can't say any more, so will await for more news. Lots of love to all and regards to my friends. LEO.

ADDITIONAL SOCIETY.

Card Party and Dance.

The Eastern Star will give a card party and dance in Odd Fellows' hall, Wednesday evening, June 26, at 8:30, for the benefit of the Red Cross fund. Colored musicians will furnish music for the dance. Admission will be 25 cents, and tickets are now on sale. Last week in reporting the Eastern Star news, Mrs. W. S. Thomson was credited with being worthy matron of the order, and Mrs. Thomson states that she is not the worthy matron but is only acting in that capacity since Mrs. C. E. Kutzner left the city.

Baby Boy.

A baby boy was born to Mr. and Mrs. W. Clark Shelton of Alvarado, Cal., June 9. Mr. and Mrs. Shelton formerly resided here, and have many friends in this vicinity who will be pleased at the good news. Mrs. Shelton was Miss Laura Watts prior to her marriage with Mr. Shelton.

From Kansas.

Mrs. Edna Miller and mother, Mrs. Labadie, returned to Huntington Beach, Wednesday, after an absence of more than a year at Baxter Springs, Kansas. Mrs. Labadie is the mother of Roy Labadie and Mrs. Miller is his sister.

From Bakersfield.

Mrs. Myrtle Lindgren of Bakersfield arrived in Huntington Beach, Wednesday, and is the house guest of Mr. and Mrs. Geo. O. Franklin. Mrs. Franklin and Mrs. Lindgren were schoolmates.

With Grandparents.

Helen Moore, daughter of Mr. and Mrs. John P. Moore, is visiting with her grandparents, Mr. and Mrs. A. E. Yale of Downey, having left Thursday.

Ten Days' Vacation.

BESSIE BARRISCALE FOR SATURDAY EVENING

"The Learnin' of Jim Benton" Sunday Night.

MARY GARDEN IN "THAIS" NEXT THURSDAY NIGHT.

Saturday Night.
Bessie Barriscale in "Those Who Pay."

As Dorothy Warner, the pretty little shop girl forced to solve the problem of supporting herself and a baby sister on \$10 a week, Bessie Barriscale takes advantage of the very opening scenes of the drama to draw her audience, heart and soul, into C. Gardner Sullivan's wonderful story and make them live with her, the tense, dramatic moments which follow each other in such quick succession through her tragic life. You appreciate the feelings which prompt her to steal the Christmas doll for her dying sister—her fascination for the handsome lawyer who comes to her rescue and later lightens her burdens by making her his private secretary—the development of the deep and all-powerful love which compels her to accept his attentions even when forced to entertain his political friends and smile through her tears while enduring their insulting insinuations—the terrible shock which comes with the knowledge that the idol of her love is a married man—the mighty struggle in which her better self triumphs and she goes to see his lovely and innocent wife—the heartaches of this tragic interview—and, in the end, her beautiful and noble renunciation of the one who means more than life to her.

Jim Benton, owner of the biggest cattle ranch in Southern California, is unable to read or write. Jim meets Evelyn Hastings who, he learns, is a schoolmarm and persuades her to open school for his cowboys and himself. Jim proves a star pupil, and, aided by his affection for his teacher, he makes rapid strides in scholarship.

Then the sheep-men close the dam which waters Benton's herds and it is up to Jim to open the dam at all costs. Before he and his punchers leave he promises Evelyn he will only use his guns in self-defense.

Jim is called upon to protect himself and kills the deputy sheriff. He is arrested and the sheriff promises him a fair trial and a jury of cowmen. The judge, however, is bribed and he installs a jury of sheep-men, who return a death verdict.

Just as Benton is lead to the gallows Evelyn arrives with a pardon from the Governor and Benton wins in two ways.

And a Mack Sennett 2-reel Keystone comedy.

Thursday Night.
Mary Garden, one of the famous women in the world, will be seen in "Thais," a Goldwyn photoplay from the same sensational novel by the great French writer, Anatole France, that was the basis of the opera in which she made her debut in America as a prima donna. "Thais" also marks the first appearance of Miss Garden in motion pictures.

Throughout the operatic career of the great diva, she has been noted almost as much for her remarkable acting ability as for her magnificent voice; so her advent on the screen is far more than just the exploitation of a famous woman.

She has long contemplated an excursion into motion pictures, although she has repeatedly turned down tempting offers made her by various producing firms; but until now she has not felt that the time was ripe for her appearance. During the past three years her activities have been many, virtually all of her time not devoted to the regular opera season being given to the wounded soldiers in the hospitals on the Western battlefield in France. She now wears the Red Cross of Serbia and the Wreath of Public Devotion of France for the work she has done in the fighting zone. There is no single figure that is of more importance in the artistic capitals of the world than Mary Garden.

The story in which she appears on the screen, "Thais," is the work of one of the greatest living French writers, Anatole France; and his permission to present his famous story in cinematographic form, was secured only on condition that Miss Garden would appear in it. M. France was already familiar with her interpretation of his heroine through her work in the opera.

The Story.

mainly in the city of Alexandria at a time when Christianity had obtained its first foothold in the civilized world. Christians are still being stoned in the streets, and pagans are still worshipping gods in which they no longer believe. Paphnutius, a wealthy young man who has shared in most of the pleasures of the city, has developed a fondness for books, and has formulated a philosophy which cannot accept the old gods of his fathers. In this frame of mind he is approached by a Christian priest who endeavors to convert him.

His friend, Nicias, a worldly man, sees that the priest is about to succeed, and, while he has no particular sentiment in the matter, he tells Paphnutius he had better not make any radical decisions until he has seen life, and to this he adds no man has seen life until he has seen Thais, a famous beauty of the city, whose many notorious love affairs have scandalized the known world even in those times of easy morals.

Accordingly Paphnutius goes with Nicias to see Thais. He promptly becomes infatuated with her, and also catches her passing fancy. But leaving her home, he is set upon by another lover in jealous rage, and in self-defense kills the man. The murder preys upon his mind because he has been told by the Christian priest that there is no forgiveness for such a sin, and at last he determines to make the bitterest atonement by joining the monks far out on the desert.

Time passes and Paphnutius, now a monk, becomes celebrated for his holiness. Thais has thought of him occasionally, a thing which is unusual in her, but she learns nothing from Nicias beyond the fact that he has renounced worldliness for Christianity. At last a holy brother suggests to Paphnutius that it would be a great aid to the Christian cause if Thais, queen of the sinful pleasures of the world, were to be converted. And after a time Paphnutius decides that it is his duty to undertake the great task.

So back he goes to Alexandria, dresses in the rich garments lent him for the purpose by a friend, over his priestly garb, and goes to visit Thais. At first she is amused when he tells her of his purpose, and then, seeing him everywhere she goes, becomes afraid. He points out to her the shallowness of the pleasures she enjoys, and urges upon her the great benefits of the new religion.

Finally Thais yields. She will obey him in all things. He bids her destroy her treasures, renounce her vanities and go with him to become a nun. All of these things she does uncomplainingly. She takes the vows and assumes the veil, while Paphnutius goes off to join the hermit monks and announce that he has accomplished his task.

Thais spends many days at her novitiate; and then one night, after a stormy dream, runs away into the desert. She loses her way after long traveling, and falls dying. She repents her sins then, and soon is found and taken back to the convent.

In the meantime, Paphnutius, loving Thais despite himself, regrets that he has taken her from her life of luxury, and at last deserts his comrades and starts out to find her. He arrives just as she is breathing her last, and hears from her lips that she is consecrated to God, a sinner who has become a saint while he is a saint who has become a sinner.

KITCHEN COMFORT FOR HOUSEWIVES.

Have you ever gone into a kitchen on a sweltering summer day while your wife has been getting dinner and when the heat of the cookstove made it so hot that you could scarcely breathe? We dare say you got out of the house as soon as you could and left your wife in the kitchen to swelter in the heat; for she had to cook the dinner.

Shouldn't you make the kitchen as cool for her as possible? One way to keep the kitchen cool is shown by demonstrations in our local stores where the New Perfection Cookstoves are being demonstrated. Next week will be special cookstove week, and most dealers will have a display of New Perfections in their window. Look for the big blue disc.

UNITED STATES FOOD ADMINISTRATION TO RETAIL GROCERS.

San Francisco, Cal., June 12, 1918.
Herbert Hoover has just wired us that, effective immediately, sales of sugar to town or city consumers for domestic use must be confined to two pounds and sales to rural consumers to five pounds. Please go on this new basis immediately—sell no sugar for domestic use in larger than two pound quantities for town or city use or in more than five pound quantities for use or delivery outside of cities or towns.

Despite the acute sugar situation, it is not desirable to cut off the use of sugar for home canning or preserving, and you may, therefore, continue to sell sugar for this purpose up to twenty-five pound lots at one time provided you take the signed statement of the housewife in the form now established. It will be necessary, however, from this date on for you to mail these statements to your City or County Food Administrator at the close of each week, and a checking system will immediately be put in to ascertain whether or not this privilege is being abused. In cases of groups of people, such as canning clubs, sugar may be obtained in larger quantities by applying to the local food administrator.

Sales of sugar to boarding houses and camps, mines and ranches remote or difficult of access must be confined strictly to a basis of three pounds per person per month, and the quantity delivered at any one time must be no greater than the amount required for a period of ten days. For example, sales to a boarding house serving ten people (thirty meals a day) must not exceed ten pounds at one time and must not be made oftener than three times per month. In the case of inaccessible ranches the same basis rules. For example, if trips to market are made only every month, three pounds per person can be sold. If trips are made every two weeks, then one and one-half pounds per person may be sold.

As patriotic citizens of the United States, the Food Administration urges you to make it your personal business to see that the sale and use of sugar is not abused. The scarcity is serious and unless the general public confines its consumption to not more than three pounds per month per person, we will be without sugar later in the year.

We urge, therefore, your sincere cooperation in the endorsement of the above rules. If you believe that any person is hoarding sugar, or is buying from more than one dealer in an effort to increase the total quantity purchased, you will be doing your Government a service by reporting the facts immediately. The purpose in putting in the two and five pound rule is to reduce consumption in the home, and no patriotic housewife will make a second purchase until the amount in her pantry is used up or practically used up.

Your own loyalty to the Government in this war crisis demands that you work closely with the Food Administration to prevent hoarding of sugar.

UNITED STATES FOOD ADMINISTRATION FOR CALIFORNIA.

WAR PRICES AFFECT PUBLIC UTILITIES.

That public utility companies on the coast are affected by the world's war is evidenced by a recent decision of the State Railroad Commission, involving rates of the Pacific Gas and Electric Company, operating in San Francisco and in most of Northern California.

Responding to numerous inquiries regarding the ability of Southern California companies to continue their present rates for service under war conditions, Mr. W. A. Brackenridge, President of Southern California Edison Company, called attention to the increased price of oil from 60c to \$1.60 per barrel and quoted excerpts from this decision of the Commission.

The price of oil, which is unregulated, has advanced, the cost of prac-

tically all materials and labor used in the production of gas and electricity has increased, and there is no assurance that they will not be still further increased.

The decision of the Railroad Commission says, "The war has produced abnormal business conditions, which affect the business of producing gas, as it has affected all other business, and where the utility service is under regulation and the price at which the service is sold to the public is dictated by authority, the companies are helpless unless public authority will extend prompt relief."

"Entirely aside from justice and fairness to the owners of the utilities, it is seriously to be considered that unless the public utilities are maintained in a reasonably sound financial condition, they will no longer be able to serve the public efficiently, as it is a demonstrated fact that a weak and staggering company is incapable of providing good service."

The Commission affirms that it is sound public policy and in harmony with the declared policy of the Federal Administration, that business institutions be not allowed to go into bankruptcy, and that the President of the United States, the Secretary of the Treasury, and the Comptroller of the Currency have each spoken clearly and definitely on this subject. For these reasons the State Railroad Commission holds that it should, without hesitation, place utility rates on a basis so that these companies shall not fail in their service to the public and become a menace to the finance of the country.
